

Soka Gakkai International – USA

September 2, 2005

Dear SGI-USA members:

Thank you very much for your prayers for the victims of Hurricane Katrina and our precious members. As I have been traveling throughout Louisiana, Texas and Mississippi, I have been sharing your concern and care with everyone. They are filled with tears of appreciation and truly feel your heartfelt support and daimoku.

SGI-USA is entering a new stage of advancement in our movement for peace and happiness of our land. Please be confident as Nichiren Daishonin writes in the letter, “Great Evil and Great Good”: “Great events never have minor omens. When great evil occurs, great good follows” (WND, p. 1119).

We have received unbelievable support and encouragement from President and Mrs. Ikeda. We are truly fortunate to have such a mentor.

We have been posting regular updates and memos on our website (www.sgi-usa.org) on the condition of our members, the support we are providing, how others can offer support, and messages from President Ikeda and our SGI-USA national leaders.

Please share this information with one another. I deeply appreciate your daimoku for the safety and protection of each and every person.

Danny Nagashima
