“The Great Path of Soka” (Revised)

Total Running Time: 17 minutes

When we walk the path of the oneness of mentor and disciple, we can undoubtedly lead lives of victory. The SGI has a great legacy of mentor and disciple, established by the first three presidents of the organization—Tsuneshaburo Makiguchi, Josei Toda and Daisaku Ikeda—who overcame every persecution and obstacle, and built a solid foundation for the propagation of Nichiren Buddhism throughout the world. This video features historic images, footage and SGI President Ikeda’s speeches.
