SUBJECT: **Many Treasures Group Guidelines 2020**

2020 MANY TREASURES GROUP ACTIVITY GUIDELINES

The Many Treasures Group activities will key off the SGI-USA activity guidelines direction for 2020—especially in supporting the SGI-USA goal of introducing 6,000 new youth in 2020!

The Many Treasures Group is made up of all members 65 years and older, regardless of their length of practice. Our guidelines are:

1. Each member to maintain good health and longevity
2. Each member to participate in discussion meetings
3. Each member to create an environment filled with mutual support and encouragement

ACTIVITIES

Holding one major meeting each month or every other month. In most cases, such gatherings should be held at the region or zone level, but smaller meetings are fine if the distances are challenging. The activity should be held at a time most convenient for the members. In general, daytime activities allow for safer travel. Since many members of this group don't work during the week, it may be best for them to meet on weekdays.

SUGGESTED AGENDA

- Daimoku/Gongyo
- Experience(s)
- Cultural Performances
- Study
- Q&A/Encouragement with invited leader from the line organization

CHANTING TOGETHER

In some locations, the Many Treasures Group members have been gathering on a regular basis to chant together or at the same time, but in different physical locations. They have established a rhythm for these activities that works for them and we warmly encourage them to continue.

COMMUNICATION

Establish solid communication with the line organization as a whole. Care for fellow comrades by reaching out and staying in touch by phone.

SUPPORTING DISTRICT ACTIVITIES

We ask the Many Treasures members to fully support their local district activities, especially discussion meetings.

FNCC CONFERENCES

Please encourage early registration since the conferences fill up quickly.

- **Many Treasures #1 (Japanese Language)** **April 24–27**
- **Many Treasures #2 (English Language)** **December 11–14**

For more information about FNCC please contact your local zone/territory office or visit: portal.sgi-usa.org/portal/fncc.
