### NATIONAL ESD VIRTUAL ART SHOW

#### “Trailblazers of Hope: My Adventure Toward 2030”

This virtual art exhibition features the artwork of elementary school members of SGI-USA, their friends and some of their younger siblings, expressing their hopes and vision toward a bright future. The artists range in age from 2 to 11 years old and hail from all across the United States, from Hawaii in the West to the Virgin Islands in the East. This exhibition was inspired by Ikeda Sensei’s encouragement to the ESD members to create art as a manifestation of their dreams for the future, and his eagerness to view the art they create.

On behalf of the SGI-USA Future Division and Parents Group leaders, we thank you again for your tireless and behind-the-scenes support of our precious and capable Future Division members!
