Due to the spike in Covid-19 infections, the rise of new variants and our deepest wish to ensure the health and safety of our members and friends, a Covid-19 booster shot or proof of full vaccination (one dose of Johnson & Johnson or two doses of Pfizer or Moderna) within the last four months, will be required for anyone planning to attend in-person meetings at all reopened centers in 2022.

Members will be required to upload their updated CDC Vaccination Record Card via their Member Portal account showing proof of their booster shot or proof of full vaccination within the last four months, which will reflect on an updated version of their digital ID starting February 1, 2022. For attendees without a digital ID, they will need to present their updated physical CDC Vaccination Record Card showing proof of their booster shot or proof of full vaccination within the last four months.

Members can now begin uploading their updated CDC Vaccination Record Card. Here are the basic steps and updates:

**STEP 1:** Log into your Member Portal Account and from your “My Account” page, click “Add CDC Vaccination Record”.

**STEP 2:** Click “Upload” to add your updated CDC Vaccination Record Card.

**STEP 3:** Click “Last Vaccination Date” to enter the date of your most recent shot, which must match the date on your CDC Vaccination Record Card.
We deeply appreciate your continued support and understanding to keep all of our members as safe and healthy as possible.

STEP 4: After submitting your updated CDC Vaccination Record Card, you will receive an email verification, which may take up to five business days.

Thank you for submitting your CDC Vaccination Record Card. Please make sure to update your SGI-USA mobile app to the newest version in order to get additional functionality to show booster shot status. The new version (Android 2.5, iOS 3.8) will be available mid-January 2022. The new Digital ID will be green and will show a green checkmark once your booster has been verified. If you received an email confirming your booster has been verified and your Digital ID is not showing green with a green checkmark then there might be a system problem. Please email onpoint@sgi-usa.org to report this.

Thank you!

STEP 5: Once your booster or vaccination has been verified, it will appear on your “My Account” page in your Member Portal.

We deeply appreciate your continued support and understanding to keep all of our members as safe and healthy as possible.
